

SPECIALIST E.S. DONALD L. GRIZZLE, son of J. O. Grizzle of 20705 Dathan Road, Miami 7, Florida, and Mrs. B. B. Lewis of Elba, Alabama, this week received a check for \$30,000 representing third prize money in the Headquarters Second U. S. Army October - November 1963 Suggestion Contest. The award, presented by Major Ins J. Craig, Director of the Medical Specialist Course at Walter Reed Army Medical Center, was made as a result of the enlisted man's suggestion for a new treatment with hot and cold packs, eliminating the need for hot water bottles and ice packs and resulting in an annual saving of \$2728 in a 250-bed hospital. Previously Spec. Grizzle received a check for \$200 as a second place post award at Fort George G. Meade, Md., where he was stationed when he first proposed the idea.

Presently assigned as a student in the Advanced Medical Specialist Course at the Washington facility, the 28-year-old native of Alabama already has nine years of Army service tucked under his belt and last January re-enlisted for an additional six years. After attending high school in Enterprise, Alabama, Spec. Grizzle worked for more than three years as a stock boy before entering the Army. Basic training was followed by an eight-week Medical Basic Training Course at Fort Sam Houston, Texas, and a year of service in Korea from May 1956 to May 1957. From May 1960 to May 1963 he was assigned to duty at the 98th General Hospital, Neubach, Germany, before being sent to Ft. Meade a year ago.

With his wife, Valeta L., and their two children, Spec. Grizzle makes his home in the Washington area at 802 8th Street, Apt. 2, Laurel, Md.

ECS Reports Membership In Campaign

Elba City Schools report \$167.15 membership in the USS Alabama fund campaign to raise \$1,000, 000 to "bring the eight-battle starship home to Mobile from Bremerton, Washington."

Each student who made a contribution received a membership card from his teacher naming the student as a "USS Alabama Charter Member" in the campaign to tow the famous ship 5,600 miles to Mobile. The card entitles free admission to board the ship.

Dr. Austin R. Meadows, State Chairman for Schools, said that first reports indicate that "at the rate returns are coming in it appears we will exceed the figure of \$100,000 from the Schools."

Schools making 100 percent membership participation will receive the Admirals flag and a commission signed by Governor George C. Wallace and Henri Aldridge, chairman of the USS Alabama Commission.

Three schools averaged 120 per student, Elmer Taylor, Superintendent, reported.

\$250,000 Collected For USS Alabama

This newspaper received a telegram from Frank P. Sanford, State Campaign Chairman of the USS Alabama Campaign Tuesday, reporting that the USS Alabama Fund Raising Campaign passed the \$250,000 mark.

Mr. Sanford was proud to be able to make this report though he stated that he is very much aware that the major part of the job lies in the one million dollar campaign in the weeks ahead.

Poppy Day Observance In Elba May 30

Dimes and Dollars given on Poppy Day go a long way in providing rehabilitation services to service men and women. Mrs. Irene Kelley, president of the Elba Auxiliary Unit which sponsors Elba's Poppy Day observance, said today.

The annual observance will be held here May 30th, Saturday. Auxiliary members contribute their services in the administration of the program, and all funds are spent for rehabilitation activities and child welfare.

"The generosity of Elba's citizens on Poppy Day has enabled our own local unit to increase the benefits which we are able to offer veterans and their families through the rehabilitation and child welfare programs of the Auxiliary," Mrs. Kelley said.

"We know we can count on the people of Elba to help us again this year, through their contributions, to increase available benefits to veterans even more."

Laymen's Day Stated At Elba Methodist

Laymen's Day will be observed at the Elba Methodist Church in early June. A. L. "Tap" Hanson, national layman speaker from Westpoint, Georgia, will be present.

Other guests speakers from throughout the Southeastern part of the United States will be present.

Poll Officials Announced

The officials appointed to serve at the polls in the Democratic Primaries were appointed and notified to serve on both dates, May 5 and June 2.

Local PO To Close Saturday

The Elba Postoffice will be closed all day Saturday, May 30, Memorial Day. There will be no window service or delivery by carriers. Special delivery and perishable mail will be delivered as usual. Holiday schedules for receipt and dispatch of mail will be observed, according to Postmaster Robert Cooper. Mail for box sections will be worked and should be in boxes by 8:30 A.M.

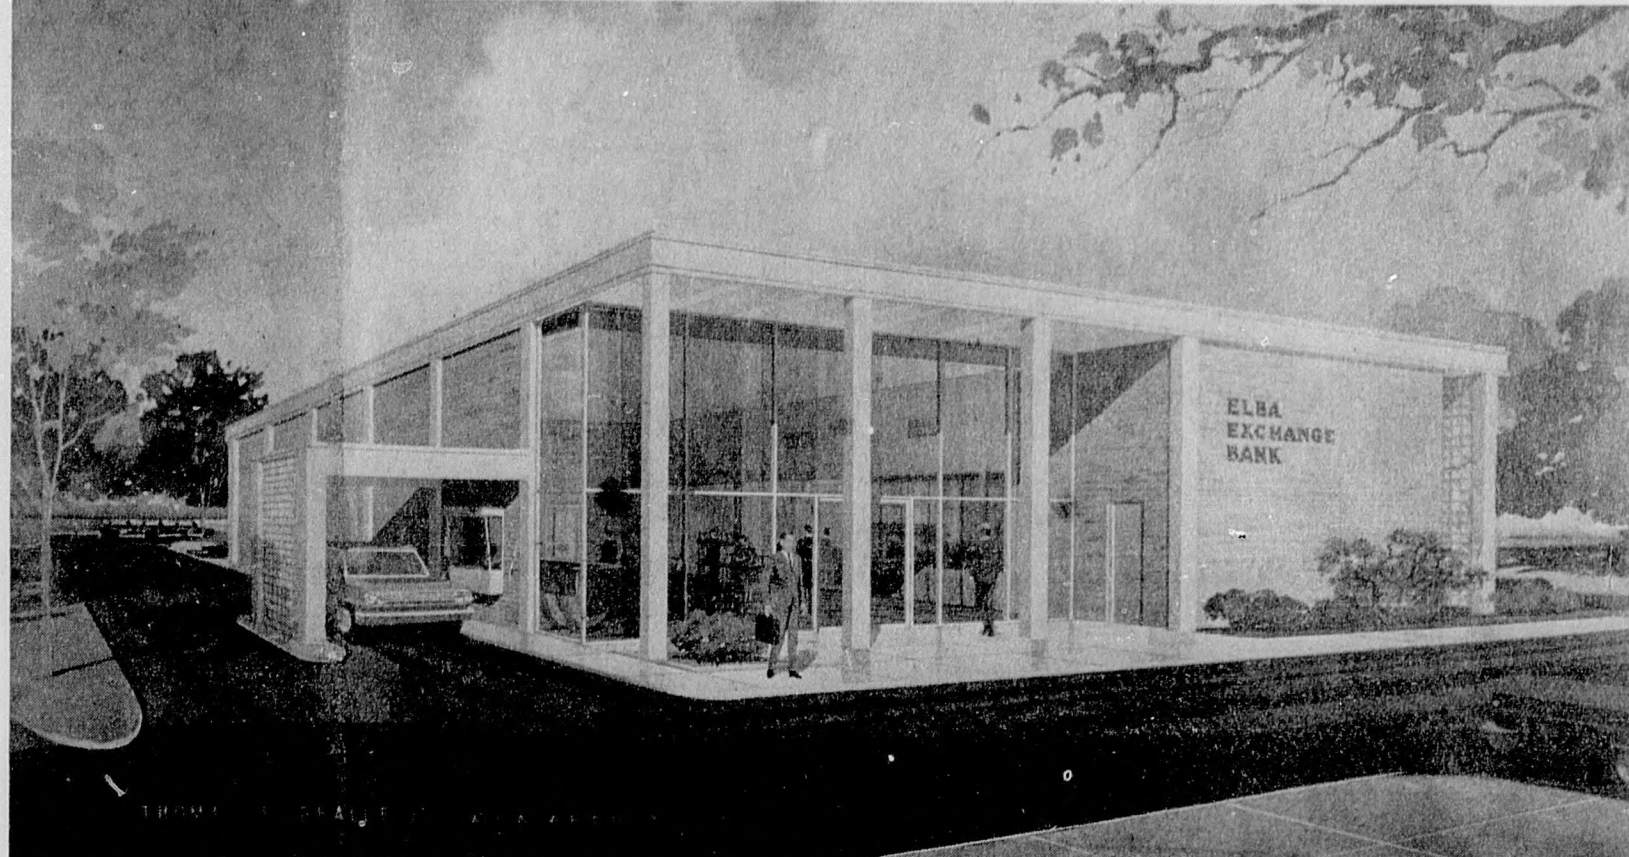

Road Blocks Planned In Solicitations

Sunday afternoon, May 31st, from 2 thru 4, there will be road blocks on highways entering Elba. Dr. V. D. McCreary, Red Cross Fund Campaign Chairman for West Coffee County, states this action is being taken to help West Coffee County reach its goal of \$2,758, of which \$1,144.80 has been raised.

The men of Battery D, Second How. Bt., 117th Artillery of the National Guard will assist in the road block upon the gracious consent of Captain Charlie Stewart and 1/Sgt. Albert Reeves.

It is felt that many people have not been reached for some reason or another and the Red Cross Road Block will enable many of those who have not had an opportunity to contribute a chance to give their share to help Elba and West Coffee County reach their goal in this very important drive.

Dr. McCreary states, "It is very important that we keep our Blood Bank active and unless we reach our goal the activities of the Blood Bank may have to be curtailed."

BEAUTIFUL NEW ELBA EXCHANGE BANK BUILDING - Pictured is the building now under construction on the corner block from the post-office building on Buford Street. Oscar Vaughan, Jr., president of the Elba Exchange Bank reports the acceptance of bids for the new bank building.

Andalusia Developers were low bidders for the building consisting of

5,777 square feet. Construction started two weeks ago. It will take 210 days for completion of the new building, which will be constructed of dark range St. Joe brick on a 20,000 square foot lot with a drive-in window and parking area for twenty-four cars.

A time and temperature clock will be constructed on the southwest corner of the lot. This clock will have the accurate time and temperature twenty-four hours a day.

Coffee Voters To Select Prexy Of APSC, Congressmen, Commissioner In Primary

Though the June 2 primary has not created as much interest as the first Democratic Primary of May 5th, there has apparently been some special interest shown during the past few days.

The place for President of Alabama Public Service Commission is gathering up a lot of steam this week between supporters of Eugene "Bull" Connor and C.C. (Jack) Owen. In this

part of the state Connor has the lead apparently.

For Representative in the Congress of the United States from Alabama, 8 of the 9 candidates are to be elected. It is a toss-up as to which of the 9 will be left out when the voters go to the polls Tuesday.

In that race are two new faces, George C. Hawkins and John M. Tyson. Both are new to the House of Representatives.

Representatives in Congress of the United States from Alabama and for Commissioner, Coffee County, District No. 4.

Voters are urged to go to the polls and cast a ballot for the candidate they think most suitable for the place. The Congressmen's race is most important and unless the people of South Alabama go to the polls and vote, this part of the state could lose their representative.

Picking up steam since the first primary are the two candidates for County Commissioner, District No. 4. Buster Bowden, incumbent is in a run-off with O.V. Waters, both of Enterprise. The District 4 race was between 3 candidates.

Winners of the contest will receive over \$2,000 worth of prizes including a \$500 scholarship to any Alabama College of her choice, a week's vacation for two on the Gulf Coast, a Nancy Taylor Modeling Course, \$500 Chiropodiatric Scholarship, a trip to Denver, Colorado for the Chiropodists World Posture Queen Contest and other prizes in the state contest.

The Alabama State Finals of the Chiropodists World Posture Queen Contest will begin on Friday morning with contestants registration and will continue through two days of judging highlighted by a luncheon, dinner and a tea at the Governor's mansion. The contest will be concluded by a "statewide" telecast of the finals at 7:30 p.m. on Saturday. The

telecast will originate from Women.

The reigning Alabama State Posture Queen is Miss Joy Jordan of Montgomery. Miss Jordan will crown the new queen during the telecast. Dr. D. E. Durbin of Alexander City, is Alabama State Chairman of the Chiropodists World Posture Queen Contest.

POSTURE QUEEN CONTEST - Barbara Stuckey, fifth from left, graduate of Elba High School, daughter of Mr. and Mrs. J.C. Stuckey, of Elba, was crowned Posture Queen of the Coffee County District competition Thursday night at the Elba Country Club.

Gwendolyn Griswold, of New Brockton, was chosen first alternate and Jan Fillingim, of New Brockton was named second alternate. Judges for Postural-Fitness on Wednesday night, May 20th were Doctor R.E. Lindsey and Doctor Arnold, of Dothan. Judges for poise, personality, and beauty were Doctor and Mrs. Tom M. Jones, of Montgomery and Mrs. Josephine Gilbert, dance instructor, of Enterprise. The girls were given numbers, postural-fitness score was given to the principles, and the beauty poise and personality was added to postural-fitness score kept only by a different set of judges, therefore no judge knew what any contestant's total score was. Figuring and combining points were Mr. Lamar Foley, principal of Elba High School, and Mr. Bryant Steel, New Brockton principal. Pictured are from left, Mrs. Josephine Gilbert, Doctor Tom M. Jones, Miss Jan Fillingim, Miss Gwendolyn Griswold, Posture Queen Barbara Stuckey, Doctor M.V. Miles, and Mrs. Tom M. Jones.

Lovely Barbara Stuckey "Measures Up" As Coffee County's Posture Queen

"Measuring up" is Barbara Stuckey, one of the lovely young ladies who will compete for the coveted Alabama Posture Queen Crown in Montgomery on Friday and Saturday, May 29 and 30th.

Barbara Stuckey, a striking Elba High School brunette, won the Coffee County District competition, sponsored by Dr. M.V. Miles. Her home is in Elba, Alabama.

Other contestants will represent areas from the Gulf Coast to the Tennessee Valley. For the past two months hundreds of girls have competed in school, local and district Posture Queen Contests throughout Alabama for the honor of representing their area in the state finals and a chance at more than \$2,000 worth of prizes in the state contest.

TRAVELING ALABAMA
By Jim Hart

VULCAN . . . Alabama's Mightiest

One of America's most remarkable monuments is located in Alabama. Second only to the Statue of Liberty, Vulcan stands atop Red Mountain in Birmingham looking down on the huge steel mills below.

This mythological God of metal-working was built as an exhibit for the Louisiana Purchase Exposition at St. Louis in 1904.

After the exposition at St. Louis the towering figure of Vulcan was returned to Birmingham and put aside for several years. Ultimately it was erected atop a mountain vetted with the red brilliance of iron ore . . . lifeblood of the Birmingham steel mills.

Native stone steps lead up to the base of the statue on each of the picturesque cascades and pools in the six-acre Vulcan Park. The statue weighs 60 tons and towers 53 feet above its 127 1/2 foot pedestal. This makes the entire monument 180 feet high, which is taller than Niagara Falls.

345,000 Alabamians Voted Against Jack Owen -
For President Alabama Public Service Commission

WHY?
These good voters had a reason. They know this record.

★ He has not spoken to one member of the Commission in years.

★ He attended only three of 60 hearings during the last six months (from Nov. 8, 1963 to May 7, 1964).

★ Mr. Owen admits it took nine years to fix rates for Southern Bell.

We either don't need a President of the Alabama Public Service Commission or we need a new one.

Eugene (Bull) Connor appeals to these 345,000 Alabamians and ALL voters to return to the polls and finish the job of selecting a new head of this important Commission — a rate-making group that affects the pocketbooks of every citizen. It is important that YOU vote next Tuesday.

Bull Connor says put him to work at this job and he will give you a day's work EVERY day . . . he will restore harmony to the Commission, he will work for hearings in your community on all matters affecting it. He will protect you against unfair rate increases.

One took his car in for a 300-mile check and was told that it had been driven 10,000 miles; another learned his "new" car had been driven 12,000 miles. In both cases the buyers had been offered substantial savings on "new" 1962 cars.

VULCAN . . . Alabama's Mightiest

One of America's most remarkable monuments is located in Alabama. Second only to the Statue of Liberty, Vulcan stands atop Red Mountain in Birmingham looking down on the huge steel mills below.

This mythological "God of metal-working" was built as an exhibit for the Louisiana Purchase Exposition of 1904.

After the exposition at St. Louis the towering figure of Vulcan was returned to Birmingham and put aside for several years.

Unusually it was erected atop a mountain veined with the red brilliance of iron ore . . . lifeblood of the Birmingham steel mills.

Native stone steps lead up to the base of the statue on each of the picturesque cascades and pools in the six-acre Vulcan Park.

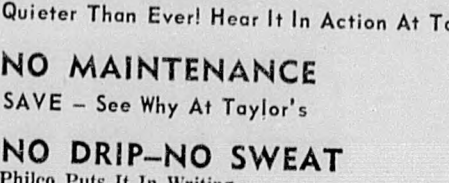

The statue weighs 60 tons and towers 53 feet above its 127 1/2 foot pedestal.

This makes the entire monument 180 feet high, which is taller than Niagara Falls.

Vulcan is unique in many ways but, perhaps, the most interesting is the fact that it is the largest iron figure ever cast and it is made from Birmingham iron and in Birmingham foundries.

cultivate your Full Service Banker

Most families will borrow more than \$50,000 in a lifetime. There's a starting figure. This includes borrowing to buy homes, cars, TV sets and appliances, and college educations. It's obvious then, that where you borrow your money and how much you pay for it is most important. So it would make sense to get to know a banker who can save you money on loans. Would it be a good idea to have an acquaintance with one of our Loan Officers? Then when the time for your next installment loan arrives, you know where to go and whom to see for your next installment loan, at low-cost rates. One of the many services of our Full Service Bank.

WORDS OF WISDOM

Children should be at least fifty feet away from the mower, preferably inside the house. Keep hands and feet away from the mower blade while the machine is in operation. Gasoline should be kept in a metal can, clearly labeled, and stored away from sparks and open flames. (available gasoline vapors burn and not the liquid gas.) A lawn mower should be pushed, not pulled. Scan the path of the mower for objects that might be thrown. Your lawn mower should be kept in a metal can, clearly labeled, and stored away from sparks and open flames.

"RAISING" CHILDREN BY THE BOOK

We have a choice in America... a choice denied millions who live under godless communism. Here is a man who is exercising that choice!

He believes that children growing up in the free world ought to know the Author of Liberty. He wants his son and daughter to cherish and embrace the spiritual insights God has given man.

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and read your Bible daily.

1. For his own sake.
2. For his children's sake.
3. For the sake of his community and nation.
4. For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Farm NEWS
By TOM CASADAY, CO. AGENT

COMMUNITY

I enjoyed meeting recently with the Lowery and Kinston Community Clubs. I am not sure whether or not this club has a name. Several Coffee County farmers are meeting with a group of Geneva County farmers in the Lowery Community which is just South of Kinston.

Coffee County folks attending this meeting were Cecil Archie and Clinton Weeks. I understand that Paul Martin and other folks in and around Kinston are to start meeting with this group each month.

The next meeting date is Saturday, June 13. I plan to meet with them again and present a program on fertilizers and soil testing.

FISHING

T. O. Adkison of the Mt. Pleasant Community is stocking some of his ponds and getting ready for fishermen.

He and several other folks in the county are listing their ponds in a State Recreation Directory. This means that in a few months folks in Birmingham can get one of these directories and pick out a pond in Coffee County to fish.

Folks from down here going North can also pick out a pond to fish.

Ponds listed so far in addition to T. O. Adkison's ponds are: Lake Lucille, New Brockton; Lake Lorene, Elba; R. D. Dawkins, Elba-Kinston Road; R. D. Donaldson, 4 miles west of Danley Cross Roads; and Lake Charles located on the Ozark Highway out of Enterprise.

PEANUTS

In a few days, all Coffee County peanut producers will receive a letter from us giving recommendations on the use of land plaster and basic slag.

Research at Auburn and at Headland shows that dusting with either one of these materials at early blooming time will give a profitable increase in yields.

Read this letter entitled, "Peanuts Need Calcium, when you receive it."

Few things are more dangerous than a trait of thought that carries no freight.

Flowing Gold Syrup

That's the sign of a syrup that's got something to it. It's real rib-sticking body. That's FLOWING GOLD SYRUP. And it's got that genuine, lip-smacking Georgia cane flavor, too! Next time you're at the store, turn up a jar of FLOWING GOLD SYRUP and see how slow that bubble rises. Then take it home and see how fast those appetites rise. Biscuits, pancakes, waffles, cornbread, candied yams, baked beans - it makes 'em good. Available in pints, quarts. No 5's and No. 10's at your favorite grocer.

Here's Why Natural Gas Is Better For Your Air Conditioning

You can't wear out the 'Perk'

Your coffee percolator has no moving parts to wear out. And the SUN VALLEY® All-Year® gas air conditioner uses the same trouble-free principle... cooling your home by the movement of liquids and vapor, utilizing a silent gas flame in a pressure-free system. No other central air conditioner offers this advantage of NO MOVING PARTS in the cooling cycle. That's why SUN VALLEY® OWNERS compare the life of their units to the life of their homes. This means the ultimate in economy—because they get low cost maintenance and long life expectancy. You get COOLING and HEATING, CLEANING and FILTERING OF AIR, CIRCULATION AND DEHUMIDIFICATION... all from one unit. Air condition your home 365 days in the year with a SUN VALLEY ALL-YEAR gas air conditioner.

IT'S EASY TO UNDERSTAND
Why Eugene "Bull" CONNOR's opponent refused to debate him. He did not want to face these Questions:
1. Why has BULL CONNOR's opponent given more than 20 rate increases to Southern Bell Telephone Company?
2. Why did BULL CONNOR's opponent try to settle the \$60,000,000 collected by Southern Bell in increased rates from Alabama phone users for a refund of only \$7,000,000? And why was it necessary for Ed Pepper, associate commissioner, who had just been elected \$21,000,000 refund to Alabama phone users?
3. Why doesn't BULL CONNOR's opponent explain, if he can, what happened to the other \$39,000,000 of the phone users' money collected in rate hikes and held in escrow for more than nine years?
4. Why has BULL CONNOR's opponent given more than 10 rate increases to the Alabama Gas Corp.?
5. Why has BULL CONNOR's opponent given more than 13 rate hikes to United Telephone Co.?
6. Why doesn't BULL CONNOR's opponent explain to the people of Alabama, if he will, why he and Miss Sibyl Pool, associate member of the Commission, a veteran legislator and one of this state's most outstanding public officials, have not spoken to each other in years?
7. Why doesn't BULL CONNOR's opponent explain to the people, if he will, just who is furnishing the money for his huge advertising and letter-writing campaign. Is somebody expecting some more juicy rate hikes?
If you think it's time to stop this sort of thing, put a man in this office who has proved through the years that the peoples' interests come first with him.

NEW MINISTER ARRIVES - Mr. Raymond Elliott and family moved to Elba from Ozark May 22nd and he will assume the duties as minister of the church of Christ here June 1st. He replaces Mr. Jerry Humphries who recently moved to Macon, Georgia, for evangelistic work in that city.

Coming to Elba with Mr. Elliott will be his wife, Virginia, and children, Timothy, Joel, Angela and Matthew (not shown in picture). Evangelist Elliott is a native of Summerville, Georgia, and received his early schooling there. He graduated from Alabama Christian College in 1958, receiving his B. S. in Religious Education. He has done graduate work from Harding College in Memphis, Tennessee.

During his senior year at Alabama Christian College Mr. Elliott was director of the college chorus. Mrs. Elliott, the former Virginia Slaughter, was born and reared in Wildwood, Florida. She also attended Alabama Christian College in Montgomery.

Prior to accepting the Elba assignment Mr. Elliott served churches in Savannah, Georgia, Millbrook, Lineville, Union Springs and Ozark, Alabama. He conducted radio programs in Savannah and Ozark for 4½ years. He lists his hobbies as golf, music, and reading while Mrs. Elliott lists her hobby as sewing. The Elliotts are known to many in Elba since they have assisted in gospel meetings here in prior years.

Carnley To Participate In Graduation

Fleetwood Carnley, of Elba, will take part in commencement - baccalaureate ceremonies at 126 year old Judson College in Marion on Sunday, and will be one of 27 Alabamians expected in Marion June 1 for the annual June meeting of the Judson College Board of Trustees. He is vice president of the college governing body.

Governor George C. Wallace of Alabama will deliver the commencement address at ceremonies which will see Mary Oliver Carnley, daughter of the Elba attorney, receive the B. A. Degree with Distinction, highest academic honor at the liberal arts college for women.

Mulberry Heights To Begin Summer Recreation Program

The program of Elba colored children will begin June 1, 1964, with full recreation activities. The Little League and Pony League teams hope for another successful year. There will be a variety of enjoyable activities: table tennis, shuffleboard, volleyball, croquet, horse shoe, Bingo, checkers, cards, bowling, and badminton.

It will be open to all children and parents are encouraged to come and enjoy hours of fun from 10 o'clock in the morning until 6 o'clock in the evening.

Gaynes C. Waters and Perry R. Stinson are directing.

Elba Allen To Receive Awards

A LETTER TO THE EDITOR:

Ozark is losing a fine family and they are moving to Elba. Raymond Elliott, Evangelist, Church of Christ, is taking an assignment in Elba.

I have never heard him speak. But, I have lived close to this fine person and his family for four years. I believe him to be a dedicated person. His work with young people in Ozark has been outstanding.

I am not much of a letter writer, but, I don't know how to say it-I hope and trust that the people of the Elba area will come to love Reverend Elliott as much as we do in Ozark.

Sincerely,
Dan Bittner
